 Grand Rapids, MI 49503

Course Objectives:

- Describe how to give a systematic and complete communication handoff during Pediatric Trauma Resuscitation and management.
- Recognize that pediatric trauma patients have unique needs that may require transfer to a pediatric trauma facility for specialized care.
- Discuss case examples in which best practice might have improved outcomes.
- Review current evidence based guidelines in management of pediatric trauma.
- Identify methods to improve individual performance as well as team performance in managing pediatric trauma patients.

Conference Faculty:

- Jennifer Berk, BSN, RN, CNPT, Pediatric & Neonatal Transport Team, Children's Hospital of Michigan
- Randall S Burd, MD., PhD, Division Chief, Trauma & Burn Surgery, Children's National Medical Center, Washington, DC
